Great. Look for an invite from Fatima for next week.

We could sure chat about it. I am around Phoenix all next week. On Wednesday the 4th, my AM is booked, but otherwise, I am open. Not sure if there is much of an interest, but I am working with a church colation that is concerned about EJ. Also, the Hickman's-affected towns of Tonopah and Arlington would likely be interested, but it is a distance from Phoenix and the air is bad from ammonia and other stuff.

Subject: Your trip to Region 9 on Jan 9

Hi, Steve, I hope you had a good holiday, hey I just heard you will be in the office on Jan 9 for a short time.

I'd been meaning to call you about possibly doing a TRI workshop in the Phoenix area—wanted to get your thoughts. We have some contractor support to put on a workshop.

Your time is likely to be focused on other issues while you're here, so would you be up for a phone call on the TRI topic with a couple of my peers? Angela Baranco is cc'd here; she's our lead for TRI in the Enforcement Division and oversees the task order related to the TRI contractor. Fatima Ty is new to our EJ team, having served as an NPDES inspector most recently.

Let us know if you'd be up for a phone chat and if so, when (before Jan 9 if possible) might work for you.

If you're out for the holidays, we can regroup after the 1st.

Deldi
